Cognizance beyond the distractions of the human experience, Visionary Guidance is an all encompassing consultation technique; a seeming blend of philosophies, psychologies, and spiritual practices of human reality merged with non-physical awareness using an altered state or trance. Channeling has been utilized by many to gain greater clarity with regard to their transformational process and as a source of guidance and confirmation for a truthful, expansive, validating view of their reality.

No matter how you refer to the expressed information, the bottom line is truth. Whether in a public group, a semi-private, or one to one, this is your opportunity for expansion.

Come "Explore your Self, Awaken your Mind and Expand your Heart" with an enlightening reflection during...

"TranceMissions": a publicly channeled group session, wherein many "Frequencies" move through, sharing vocal toning, exercises, and topical dialogue depending on the group consciousness gathered; your questions encouraged!

"Circle of One": semi-private, meditative space devoted to self exploration and personal questions with Malachite.

"Mini-Channelers Symposium": explore Multi-Dimensional Reality, experiencing Your Channel in a supportive environment, with exercises, group discovery, and a conscious commitment with Spirit. Come re-discover your Inner Mystic! All Channelers welcome; prior experience not required.
