VIRGINIA TOUR • OCT 27 - NOV3

Cognizance beyond the distractions of the human experience, Visionary Guidance is an all encompassing consultation technique; a seeming blend of philosophies, psychologies, and spiritual practices of human reality merged with non-physical awareness using an altered state or trance. Channeling has been utilized by many to gain greater clarity with regard to their transformational process and as a source of guidance and confirmation for a truthful, expansive, validating view of their reality. No matter how you refer to the expressed information, the bottom line is truth. Whether in a public group, a semi-private, or one to one, this is your opportunity for expansion.

Come "Explore your Self, Awaken your Mind and Expand your Heart" with an enlightening reflection, at one of these Events: "**TranceMissions**": publicly channeled group session, wherein many frequencies move through, depending on the group consciousness gathered; questions encouraged! "**Circle of One**": semi-private, meditative space devoted to self exploration and personal questions with Malachite. "**Mini (and) Channeler's Symposium**": explore multi-dimensional reality experiencing the channel you are in a supportive environment, with exercises, group discovery, and conscious commitment with Spirit. Come re-discover your Inner Mystic! All Channels welcome, prior experience not required.
